

Construction Industry Payment And Adjudication Act (CIPAA) 2012 :

A Sharing of Experiences as a Practitioner

The purpose of the CIPAA is to facilitate regular and timely payment as well as to provide a mechanism for speedy dispute resolution by means of adjudication and to provide remedies for the recovery of payment in the construction industry. The CIPAA introduces statutory adjudication as one of the Alternative Dispute Resolution (ADR) methods in order to ensure the payment disputes can be resolved within a relatively short period of time and the adjudication decision is enforceable as a judgment or order of the high court.
